

IdentityUser

```
classDiagram
    class IdentityUser
    class ApplicationUser["TestingMVC.Models.ApplicationUser"]
    ApplicationUser --|> IdentityUser
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'IdentityUser'. Below it is a box labeled 'TestingMVC.Models.ApplicationUser'. A blue arrow points from the 'TestingMVC.Models.ApplicationUser' box up to the 'IdentityUser' box, indicating that 'TestingMVC.Models.ApplicationUser' inherits from 'IdentityUser'.

TestingMVC.Models.ApplicationUser
