

ErrorResponse

```
classDiagram
    class ErrorResponse
    class AccountClientRegisterResponse["Account.Client.RegisterResponse"]
    AccountClientRegisterResponse --|> ErrorResponse
```

The diagram illustrates a class inheritance relationship. At the top is a white rectangular box with a black border containing the text "ErrorResponse". Below it is a gray rectangular box with a black border containing the text "Account.Client.RegisterResponse". A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that "Account.Client.RegisterResponse" inherits from "ErrorResponse".

Account.Client.RegisterResponse
